

VILLAGE OF POPLAR GROVE

“A Great Place To Call Home”

January 30, 2013

Dear Village of Poplar Grove Resident,

The Village of Poplar Grove is providing you the opportunity to join other residents and small business owners to save money on the electricity you use. Savings are possible through governmental aggregation, where Village officials bring together citizens to gain group buying power for the purchase of electricity from a retail electric supplier certified by the Illinois Commerce Commission. Village of Poplar Grove voters approved this program in November 2012.

After researching competitive electricity pricing options for you, we have chosen Liberty Power, to provide you with savings and budget certainty on your electricity supply for 36 months beginning in March 2013 at a rate of 5.182 cents per kWh. There is no cost for enrollment and you will not be charged a switching fee. You do not need to do anything to participate. You can also choose a 100% “green” option at a rate of 5.282 cents per kWh. To select this option, you must call Liberty Power at 1-866-POWER-99 by Friday, February 15th.

As a member of this aggregation, residential non-electric space heating customers are eligible to save 38% off their current Price to Compare of 8.302 cents per kWh. Residential electric space heating customers are eligible to save 17% off their current Price to Compare of 6.273 cents per kWh. Your Price to Compare is essentially the price you pay for electric generation from the utility and consists of generation and transmission related components, which are the costs associated with generating the power and delivering it through the transmission system. As a result of switching to Liberty Power, you will see savings after your enrollment has been completed and your switch has been finalized – approximately 30 - 45 days – depending upon your meter read date.

Of course, you are not obligated to participate in the Village of Poplar Grove’s electric governmental aggregation program. If you wish to be excluded from the program and remain a full-service customer of your local electric utility - Commonwealth Edison - you have until Friday, February 15th to return the attached "opt-out" form. You may also opt-out by calling Liberty Power’s toll free number at 1-866-POWER-99 (1-866-769-3799) or visiting the following website www.libertypowercorp.com/illinois-opt-out/ and filling out the opt-out form electronically.

After you become a participant in this governmental aggregation program, Commonwealth Edison will send you a letter confirming your selection of Liberty Power Holdings as your electric generation provider. You may leave the program at any time without penalty.

To remain in the Village's governmental aggregation program, you don't need to take any action when this letter arrives. Commonwealth Edison will continue to maintain the system that delivers power to your home. You will continue to receive a single, easy-to-read bill from your local electric utility with your Liberty Power electricity supply charges included.

If you have any questions, please call Liberty Power toll-free at 1-866-POWER-99 (1-866-769-3799), Monday through Friday, 7:30 a.m. to 5 p.m. CST. You may also email us with questions at customer@libertypowercorp.com. Please do not call the Village of Poplar Grove with aggregation program questions.

Sincerely,

John Neitzel, Village President

P.S. To receive these savings, you should not respond. Return the opt-out form only if you do not want to participate in the Village's electric governmental aggregation program.

Option 1: Do nothing and save.

If you want to participate in this program and save, you do not need to return this form. Your enrollment is automatic.

Option 2: Opt out by returning this form, calling Liberty Power at its toll-free number, or filling out an opt-out request online at www.libertypowercorp.com/illinois-opt-out/

If you do not want to participate in this program, you must return this form before the due date.
